

CAMPhA USA

CAMEROONIAN PHARMACISTS ASSOCIATION

**6th ANNUAL CONVENTION
PLANO, TX**

OCTOBER 09 - 12, 2025

Welcome from the President

HILDA BI NDIKUM

PHARMD, MPH

“

W

elcome to our 6th Annual CAMPhA-USA Convention in the beautiful City of Plano, Texas. Plano is considered a diverse city consistently ranked among the best cities to live in the USA, offering high-quality services, excellent schools, and a strong sense of community. It is nice to be back in the state of Texas, where CAMPhA-USA was born some 8 years ago, and seeing some of our founding members still working tirelessly to execute the mission and vision of this great organization.

We are grateful that we can come together once more as a community to engage and learn from experts and each other while participating in services to help improve the health of communities we serve locally and abroad!

The theme of this year's convention: Empowering the next generation: Education, Innovation and Excellence, aligns perfectly with our mission of enriching our professional potential through innovation, collaboration and learning in the process.

The planning committee has been working relentlessly to put together a robust weekend of activities that will provide a medium for us to foster our relationships at a professional level and empower each other to continue to collaborate and improve the health outcomes of our patients and the communities we serve.

This convention is an exciting one because we are back in Texas, and it is a transition year. As we transition to a new era and new leadership, we are confident that great things are on the horizon, and the future of CAMPhA-USA will be determined by us all under our new leadership.

Thanks to all our sponsors, our amazing speakers for sharing your knowledge and expertise, our exhibitors, and to all CAMPhA-USA members who have committed to show up and make this a memorable weekend. Let's all come together, stay engaged, and have some fun!

DAY 1 *SPEAKERS*

KEYNOTE:
**PAMELA
ASSAM**

PHARMD, MBA

Dr. Pamela Tanyitiku Assam is currently the Assistant Pharmacy Director for Provident Hospital of Cook County and has served in key pharmacy leadership roles from operations manager to director of pharmacy in various hospitals.

During her career she have been pivotal in developing policies and procedures for her organizations, implementing several cost-saving initiatives while providing a high standard of patient care.

She was the first pharmacist in Chicagoland to received, provide oversight for compounding and dispensing of the COVID 19 vaccine in 2020 during the pandemic.

She was also recognized as a trailblazing pharmacist during the month of black history in 2021.

I am a graduate of Universita La Sapienza of Rome Italy where I earned a degree of Doctor of Pharmacy and earned an MBA from Northern Illinois University in 2020.

AUXILLARY SPEAKER:
ELODIE TENDOH

PHARMD, MS

Dr. Elodie Tendoh, PharmD, MSc Palliative Care Elodie is a pharmacist, educator, and financial strategist dedicated to empowering communities. She earned her PharmD and Master of Science in Palliative Care from the University of Maryland School of Pharmacy and went on to complete a PGY-1 residency at the University of Maryland Medical System. Her career includes roles as Transitions of Care Pharmacist, Pharmacy Manager at the COVID-19 Field Hospital, IV Pharmacist at the NIH, and Clinical Pharmacist at Adventist Health.

In 2022, Dr. Tendoh expanded her mission of service by entering the financial services industry. Today, she is a licensed Senior Broker in Maryland, leading a team of dedicated professionals. Together, they are committed to helping individuals and families take control of their financial futures by building healthier habits around earning, saving, investing, and protecting money.

Elodie resides in Maryland with her husband and 3 children.

THE LAST 4 YEARS AT A GLANCE

When we took office in **January 2021**, we made a promise to continue **promoting the mission and vision** of this great organization. Despite the challenges of emerging from the COVID-19 lockdown, we established the DMV chapter and immediately launched into planning our 3rd annual convention in Maryland.

Our annual conventions, now held in **October** during **Pharmacy Month**, strive more to provide an opportunity for members to come together, learn from each other and experts in the field and provide great networking and mentorship opportunities. We include a **community service project** when we meet, using our expertise as pharmacists to impact the health of the communities we serve. We listen to our members and make improvements as we move along.

INITIATIVES IMPLEMENTED DURING OUR TERM

- We grew our **membership** by **28%** thanks to Drs. Temgoua and Nashim
- Invited and hosted the **President of the Cameroonian Pharmacy Board**, Dr. Nana and his entourage, at our 4th annual convention in Raleigh, North Carolina, in October 2023, marking the start of a **promising partnership**.
- We introduced a **new**, more versatile **logo** to better promote our mission and vision. The convention energized us with opportunities to impact our membership. A project task force was created to rethink the original initiative to provide a Drug Information Center in Cameroon and work with our Cameroonian colleagues.
- We enhanced our **social media** presence by hiring a **content manager** to work with our communications department, led by Dr. Quinta Mancho.
- We left the 2024 Colorado convention with great ideas and volunteers eager to join the leadership team. Based on feedback coming out of this convention, our restructured **Project Committee**, composed of Drs. Eunice Nzerem-Shang, Manga Tanyifor and Loveta Epie, with support from our Liaison to Cameroon, Dr. Sylvain Sob, reworked our project, conducted feasibility studies, and identified pharmacy schools in Cameroon to support.
- We are currently working with the **University of Dschang** to **subsidize lab equipment** and resources as we liaise with our colleagues in Cameroon. Thank you, Dr. Sylvain Valere-Sob, for your insights and dedication.
- Our **website** has been **updated**, and members are now able to **manage their membership** and convention registration directly on the website, thanks to the efficient work of our VP, Dr. Sindjui, in collaboration with the membership and finance committees. Dr. Mireille Kamda, our financial keepsake, thank you for your resilience and accountability. Dr. Marie Mbelasube, thank you for all the support as Secretary At Large.
- Our leadership and professional development team, led by Dr. Senge Balimba, has organized our bimonthly **Pharmacy Talks** this year, and the convention education subcommittee led by Dr. Loveta Epie in 2022, 2023 and 2025, and by Dr. Carole Abam in 2024, has worked tirelessly to provide **excellent speakers, CE presentations and workshops** during our conventions. Your commitment to this organization is beyond measure. Thank You!
- Our compliance committee, under Dr. Siagat's leadership, has ensured our 501(c) status and secured a mailbox and **central repository** for all CAMPhA correspondence and materials.
- We've implemented an email communication system, Constant Contact, thanks to Dr. Jay Agwe.
- Our student liaison department, led by Dr. Adele Chimi-Lakbub, started initial work on creation of **CAMPhA's student endowment scholarship fund** among other initiatives to support students on their education journey.

THE WAY FORWARD...

- In June 2025, an election committee, led by Drs. Liliane Ngunjoh and Antionette Eyebe, conducted a fair election process, and a **new leadership team**, due to **take office in January 2026**, is currently **working alongside** the current leadership to ensure a smooth transition process.

As we hand over leadership in Dallas, we thank each and every one of you for standing with us and believing in our mission. We're proud of what we've achieved together and look forward to seeing where our new leadership team, led by **Dr. Renadin Siagat** and **Dr. Marie Mballesube**, will take us in the **NEXT 4 YEARS**.

DAY 2 SPEAKERS

CE SESSION 1:
**NOELLE
BAIYEE**

PHARM.D

Marie Noelle Bate Baiyee is a dedicated clinical pharmacist with expertise in Hematology/Oncology and Ambulatory Care pharmacy operations. Currently based at Tufts Medical Center in Boston, she serves as the Lead Pharmacist for the Service Center supporting ambulatory care clinics. She is passionate about patient-centered care, particularly in oral chemotherapy management, health equity in cancer care,

and pharmacy practice improvement. Outside of her professional life, Dr. Baiyee enjoys spending time with family, city biking, and watching documentaries.

CE SESSION 1:
**SENGE
BALIMBA**

PHARM.D

Senge is a driven healthcare professional with more than 18 years of expertise across medical affairs, population health, and clinical pharmacy. She currently serves as a Medical Science Liaison at Syneos, collaborating with ViiV Healthcare. In this role, she engages healthcare providers in scientific discussions focused on HIV treatment and prevention and supports evidence generation and education related to long-acting therapies.

Before her current position, Senge served as a Community Medical Education Liaison with Syneos in partnership with Ipsen, where she played a pivotal role in the launch of elafibranor for Primary Biliary Cholangitis. Her professional journey also includes significant experience in population health at Optum. In addition, she has held clinical pharmacy roles at Baylor Scott & White, CVS, and other institutions.

A passionate leader and educator, Senge has delivered numerous presentations and chaired professional committees. She has been recognized with several awards for leadership and innovation within the healthcare sector.

Senge resides in the great state of Texas with her family.

CE SESSION 2:
**GIDEON
FORMUKWAI**

ED.D, CEM

Gideon is an award-winning speaker, educator, and bestselling author of "The Science of Story Selling,"

Amazon 2015 Bestseller. His storytelling projects have been featured in several top journals as well as other broadcast media internationally.

In the last 17 years, he has designed and delivered training programs for institutions from Social Security Administration, Harvard Medical School, Shell Eastern Petroleum, Singapore Armed Forces and several similar organizations.

As the founder of SWAN Academy, he is currently involved in developing new narrative and equity programs for international organizations such as UNICEF and local youth organizations.

Gideon holds a doctorate degree in educational leadership with a focus on transformational leadership in education. In 2018, he was nominated Educator of the Year at Tongue Point Job Corps Center in Astoria.

Gideon currently resides in the great state of Texas with his family.

CE SESSION 3:
LOVETA EPIE

PHARM.D

Dr. Loveta Epie is a Medical Science Liaison with 15 years' experience as a clinical pharmacist focused on ID, acute and intermediate care roles and 5 years' experience in Industry Medical Affairs specializing in Infectious Disease (ID), Gastroenterology and Endocrinology. She completed a Doctor of Pharmacy degree from the University of Florida in 2005 and subsequently pursued a PGY1

residency at the Veterans Affairs Hospital in Nashville, Tennessee. Her 20-year career background spans across academia, program leadership and patient-centered care. Loveta resides in the Raleigh-Durham area in North Carolina and loves to spend time cooking, gardening and biking.

AUXILIARY SPEAKER:
**DEVECHIO
EDWARDS**

DMSC, MBA, PA-C, SCIENTIFIC DIRECTOR AT CHIESI

Devehio's background spans more than two decades in the clinical field and pharmaceutical industry. He has held various roles in medical affairs at AstraZeneca, including Sr. Medical Science Liaison, Director of Medical Affairs, among several others. He successfully orchestrated the US launch plan for Breztri in COPD. As Director of Clinical Value and Outcomes, he identified gaps in real-world evidence and effectively communicated the clinical value proposition to major IDNs and payer organizations. Prior to entering the pharmaceutical industry, he practiced as a Physician Assistant and served as an Advanced Practice Leader.

Devehio earned a BS in Microbiology from Mississippi State University, a Master of Physician Assistant Studies from the University of Texas, an Executive MBA in Healthcare Administration from the University of Texas, and a Doctor of Medical Science from A.T. Still University of Health Sciences. Beyond his professional endeavors, Devehio finds joy in international travel and exploring diverse cultures. He is the proud father of two daughters, and resides in Houston, Texas.

2025 Convention

WORKSHOP #1

EXECUTIVE EDGE – WEAVING ORGANIZATIONAL SUCCESS

MODERATOR:
EVELYN SENWO
PHARM.D, BCMTMS

PANELIST:
GIDEON FOR-MUKWAI
ED.D, CEM

PANELIST:
PAMELA TANYI-TIKU
PHARM.D, MBA

PANELIST:
ASHU BALIMBA
ATTORNEY-AT-LAW

This workshop uncovers the essential "pearls" of organizational leadership – a curated collection of actionable insights and best practices for today's leaders. Participants will move beyond traditional management concepts to master key competencies, including effective communication, strategic decision-making, and building high-trust, collaborative teams empowered to achieve sustainable success.

2025 Convention

WORKSHOP #2

UNLOCKING NEW DOORS – EXPLORING DIVERSE ROLES FOR PHARMACISTS IN PHARMA

MODERATOR:
LOVETA EPIE
PHARM.D

PANELIST:
JEANNE KOM
PHARM.D, MSC

PANELIST:
DEVECHIO EDWARDS
DMSC, MBA, PA-C

PANELIST:
GEORGE LIMEN
PHARM.D, ACCA

The goal of this panel discussion is to give pharmacists a better understanding of the various career paths available to them in the pharmaceutical industry. The objectives of this panel are as follows:

To identify and describe key roles for pharmacists in the pharmaceutical industry, such as those in medical affairs, regulatory affairs, and pharmacovigilance.

To highlight the skills, qualifications, and experiences that are most valuable for pharmacists seeking to transition into the industry.

To provide practical advice and insights from panelists on how to network, apply for positions, and succeed in a non-traditional pharmacy setting.

POSTER SUMMARIES

SCIENTIFIC POSTERS WILL BE ON DISPLAY IN THE EXHIBIT AREA
THROUGHOUT THE CONVENTION

POSTER PRESENTATIONS ARE SCHEDULED FOR FRIDAY OCTOBER 10, 2025

POSTER 1:

ALLERGIC REACTIONS: BASIC INTERVENTIONS

RENADIN SIAGAT, PHD, PHARM D, MED, BCRCP, CTTS

Allergies are immune system responses to typically harmless substances, affecting millions in the U.S. Nearly 18 million adults in the United States have hay fever, or allergic rhinitis.

At least 1 in 3 American adults and 1 in 4 children have allergies. They are the sixth-leading cause of chronic illness. Potential causes include common allergens such as animal dander, insect stings, foods (milk, eggs, peanuts, tree nuts, fish, shellfish), medicines, and pollens. The reactions can be mild, moderate, or severe occurring within seconds, minutes, or in rare cases, up to 24 hours after exposure. Symptoms can involve multiple body systems such as respiratory, cutaneous, cardiovascular, gastrointestinal. The management involves multiple non-pharmacologic (avoiding the trigger) and pharmacologic strategies (various medication classes) that will be discussed during this presentation.

NOT FOR CE CREDIT

POSTER 2:

PROSTATE CANCER

RENADIN SIAGAT, PHD, PHARM D, MED, BCRCP, CTTS

With the high prevalence of prostate cancer in black men, this poster aims to review and discuss epidemiology, screening, treatment and new treatment updates in prostate cancer.

POSTER 3:

LUNG CANCER (NON SMALL CELL LUNG CANCER) - WHAT IS NEW?

MARIE NOELLE BATE BAIYEE, PHARM D

Lung cancer is one the leading causes of cancer related deaths in the USA. There are recent FDA approved targeted therapy for both early and advanced disease. The objective of this poster is to discuss these new treatment options; highlighting place in therapy, side

effects and counselling for patients.

POSTER 4:

IMPROVING ADOLESCENTS' EDUCATION IN PRIMARY CARE REGARDING CHLAMYDIA AND GONORRHEA

BERTIN VOUFFO, PHARM D

STIs have been ubiquitous among adolescents and young adults in the United States. Increasing rates of preventable STIs in the US pose substantial burdens to health and well-being. According to the CDC, nearly 27 million new STIs are estimated to be transmitted

annually for \$16 billion. Despite the advancement of sexual health education, the number of gonorrhea and chlamydia cases continues to increase among adolescents. Amongst all the STIs, gonorrhea and chlamydia

POSTER 5:

PHARMACEUTICAL INDUSTRY STRUCTURE & ROLE FOR PHARMDS

CAMPBA USA EDUCATION SUB-COMMITTEE

The pharmaceutical industry is vast and offers a wide range of opportunities aligned to different skills and academic/professional training. However, most of the roles within these roles are unknown by many professionals. The goal of this poster is to help the audience gain an appreciation of the different roles and what might best align to their skills.

POSTER 6:

ENDOMETRIOSIS DIAGNOSIS AND TREATMENT

SENGE BALIMBA, PHARM D

Talk about endometriosis, diagnosis and treatment. The objectives are to understand symptoms of endometriosis, understand how to diagnose endometriosis, and discuss the treatment (pharmacological and non-pharmacological) of endometriosis

DAY 3 SPEAKERS

CE SESSION 4:
EMLAH TUBUO

PHARM.D, MS

Dr. Emlah Tubuo is an integrative pharmacist, entrepreneur, TEDx speaker, and advocate for whole-person health who brings a unique global perspective to patient care. Like a typical Cameroonian, she experienced firsthand the toll of preventable illnesses—fueling her lifelong mission to champion disease prevention and community education.

Recognized as one of the leading national voices empowering pharmacists to confidently discuss and integrate dietary supplements into their practice, Dr. Tubuo has presented at major U.S. pharmacy conferences, including McKesson IdeaShare, APhA, NCPA, and Cardinal RBC. She also serves as a Key Opinion Leader for Fullscript, one of North America's largest supplement distributors. Through her work with Powell Pharmacy, Emlah Naturals, and Intentional Living with Emlah, she equips pharmacists with practical strategies to navigate industry challenges, improve patient outcomes, and transform their practices into thriving, patient-centric businesses. Known for her engaging and inspiring style—both on stage and in her TEDx talk—she leaves audiences motivated, informed, and ready to elevate the care they provide.

CE SESSION 5:
ERIKA FREITAS

DMSC, MBA, PA-C, SCIENTIFIC DIRECTOR AT CHIESI

Erika Freitas, PhD serves as the Director of the Center for Interprofessional Practice and Education at the CU Anschutz Medical Campus and the Associate Dean for Culture and Wellness at the University of Colorado Skaggs School of Pharmacy and Pharmaceutical Science.

She leads campus-wide initiatives that promote collaborative learning across health professions, preparing students to deliver team-based, person-centered care. Her work in interprofessional education emphasizes experiential learning, communication, professional, and interprofessional identity formation, helping future healthcare providers develop the skills needed for effective collaboration. Dr. Freitas brings deep expertise in curriculum design, faculty development, and institutional strategy, integrating evidence-based practices to enhance both education and workplace culture. Her leadership reflects a commitment to innovation, connection, and the continuous improvement of healthcare education.

CE SESSION 6:
MARY E. ESELE

DNP, ARNP, FNP-C, BSN, RN

Mary Esele is the Lead Nurse Practitioner at Optum Breast Care in Nevada. Mary has been instrumental in mentoring other providers in breast care and providing care to patients who present with a variety of issues associated with breast care and breast cancer diagnosis. She completed her BSN at the University of Kansas in 2001 and earned her Masters and Doctorate degrees from South University

Tampa, FL. Her doctoral project focused on the perception of breast cancer (from pre-diagnosis to treatment) in African American women. In 2020, Mary relocated to Las Vegas with her family to join the Optum Breast Care Program.

Mary has been recognized as Nurse Practitioner of the month and has been awarded for having the most innovative idea in developing the Optum Breast Care Program. Her passion for advocating for patients and ensuring that patients receive the best possible care drives her everyday as she touches the lives of countless people.

AUXILIARY SPEAKER:
**JEANNE DULIE
KOM NZIA**

PHARM.D, MS

Is currently a Scientist in Clinical Pharmacology at Nurix Therapeutic. Prior to joining Nurix, Jeanne received her PharmD from the University of North Texas and a completed postdoctoral fellowship in Clinical Pharmacology and Pharmacometrics at the University of North Carolina at Chapel Hill in NC. Her research focuses on population pharmacokinetics (PopPK), physiologically based pharmacokinetic (PBPK) modeling and exposure-response analysis to support rational dosing strategies and drug safety evaluation. She has contributed to multiple PK/PD and PBPK modeling projects involving adults, pediatric and special populations and her work has been presented at the American Conference on Pharmacometrics and similar scientific meetings.

Jeanne is enthusiastic about advancing drug development with a focus on clinical relevance and equity in underrepresented populations. She also serves as a mentor and educator, contributing to student development and community health outreach. Jeanne resides in Texas with her family.

T

his workshop will explore the evolving role of the community pharmacy, moving beyond a focus on medication dispensing toward becoming a leading, accessible healthcare destination. Panelists and participants will identify key strategies and best practices for leveraging the pharmacy's unique position to improve community wellness and fill critical gaps in the broader healthcare system.

The session will cover three main areas:

- 1) expanding clinical services,
- 2) enhancing community partnerships,
- 3) overcoming operational barriers.
